

CIPCO

Center for Intellectual Property and Competition Law

ARTIFICIAL INTELLIGENCE (AI) AND INTELLECTUAL PROPERTY LAW

**WORKSHOP SERIES IN COOPERATION WITH THE
SWISS FEDERAL INSTITUTE OF INTELLECTUAL
PROPERTY (IPI)**

3rd Online Session: policy and legal design

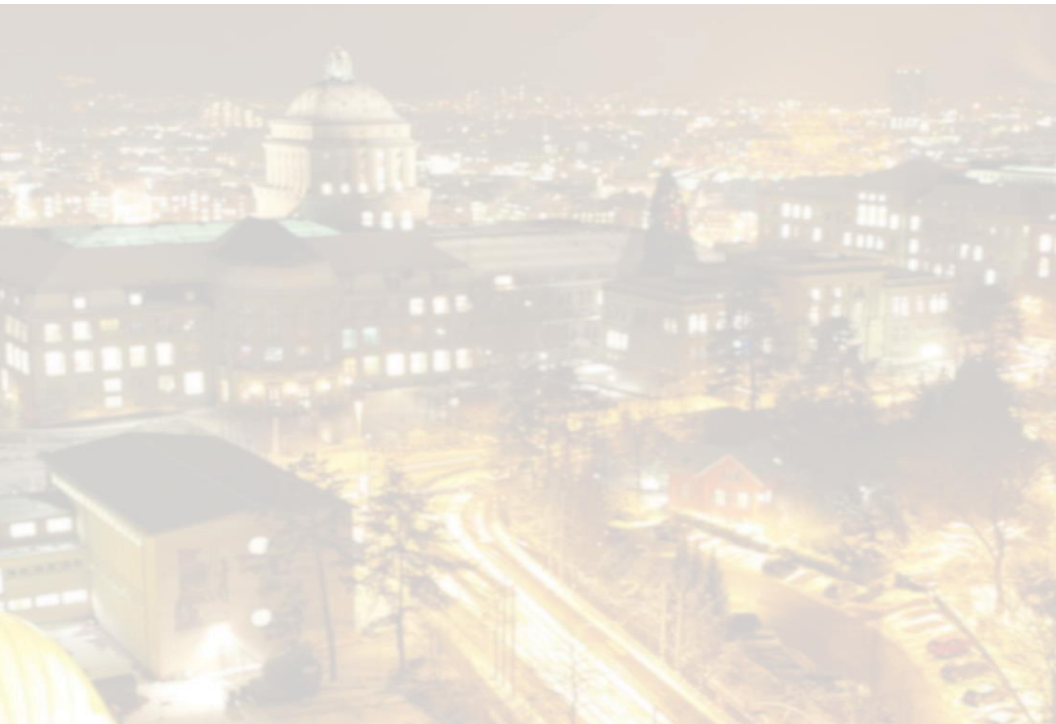

10 January 2022, 15:00-17:30 CET, via Zoom

Start the new year (artificially) intelligent!

In January 2022, the last of our AI/IP online workshops will look at "policy and legal design". We want to ask what AI implies for the work of patent offices and other IP institutions around the world:

- Need IP administration rules a change?
- Where do and should IP offices employ AI themselves?
- How do we achieve more transparency on AI involvement in patent applications?
- DABUS patents yes or no?
- How to register new concepts of ownership to AI-related IP?

The event will take place on **10 January 2022, 15:00-17:30 CET, via Zoom**. Save the date and join the discussion together with our top-notch speakers!

Speakers:

Prof. Dr. Felix Addor (*IPI*)

Prof. Dr. Abraham Bernstein (*University of Zurich*)

Trina Ha (*Intellectual Property Office, Singapore*)

Pierre Oliviere (*Intellectual Property Office, United Kingdom*)

Heli Pihlajamaa (*European Patent Office, Munich, Germany*)
